

MOMBASA COUNTY

TOURISM & INVESTMENT MAPPING EXERCISE ITINERARY

Purpose: A ten-day mapping exercise covering priority sites across Mombasa County's six sub-counties (Mvita, Nyali, Kisauni, Likoni, Changamwe and Jomvu), aligned by sector each day and clustered by sub-county for efficient routing.

Note: Each sub-county cluster is allocated a one-hour time slot; all destinations grouped within that slot are located in the same sub-county and are visited together within the hour. Times are indicative and may be adjusted for traffic and site engagement.

No.	Destination	Activity / Focus	Sub-County
